

Creative Workshop “Smart Sounds” at the Ventspils Science Centre VIZIUM.

Foto autors Ventspils Photo Archive

Everyone is invited to join the creative workshop “Smart Sounds” at 1:00 PM every Saturday and Sunday throughout April, together with family and friends, at the Ventspils Science Centre VIZIUM.

The workshop explores the interaction between technology and sound, where visitors will create their own musical instrument—highlighting the role of electrical conductivity in different materials.
