

“Little Explorers Workshop: Be Creative!” for preschool-aged children at the VIZIUM Science Center

Foto autors Ventspils Photo Archive

Preschool-aged children have the opportunity to participate in the “Little Explorers’ Workshops,” where, through games, play, and engaging in fun activities with cheerful instructors, they can not only have a great time but also develop new skills and gain knowledge. We will learn how to reuse items instead of throwing them away. In this workshop, we will transform everyday objects into something new and interesting. We will develop our imagination, create creative works, and discover how small habits can help take care of nature. The registration form can be found [here](#).
