Wednesdays from 10:30 AM to 11:30 AM. Seniors are invited to join a new and exciting course series “**STEM for Seniors**”, where participants will learn about science, technology, engineering, arts, and mathematics in an interactive and engaging way. In the sessions, seniors will experiment, explore the basics of programming, work with robots, tackle engineering tasks, develop creative thinking, and much more.
More information about the classes can be found here: www.adre.se/stemsenioriem.
