Everyone interested, together with family and friends, is invited to participate in the creative workshop “Mission: Save the World” every Saturday and Sunday at 1:00 PM in May! Planet Earth is facing challenges – climate change, pollution, and energy depletion are becoming increasingly real. But who says saving the world can't be exciting? In this workshop, visitors will become researchers, engineers, and future saviors, exploring the impact of their everyday habits and working together to find solutions.
