Pizza Shop – Pizza delivery in Ventspils – fast, tasty, and high-quality.

Why is our pizza so delicious?

For over 5 years, we’ve been baking our pizza using a unique recipe. The key is the dough and its quality—unmatched and unlike anything you’ll find elsewhere. We pay special attention to it. It’s also essential that only natural ingredients are used in our pizza: high-quality flour, fresh vegetables and herbs, aromatic olive oil, various types of cheese, and premium meat products. Maintaining a high standard of pizza quality is very important to us.

What kind of pizza can you order?

With more than 30 different types of pizzas—from classic to original—we can surprise even the most demanding customers.

Only with us can you taste our signature Roll Pizzas with a variety of toppings.

A perfect snack during the workday.

You can order a pizza or Roll Pizza on our website www.pizzashop.lv or through the Bolt Food, Wolt, or Getify apps.
