

Ventspils University Hotel

Foto autors Ventspils Augstskolas foto arhīvs

The Ventspils University of Applied Sciences dormitory is located in the same building as the university itself. The dormitory is situated in two wings of the university complex – a six-story building (Block B) and an eight-story building (Block E). Students live in bright and well-equipped rooms, typically two per room, although a limited number of single-occupancy rooms are also available.

The dormitory features block-type rooms, meaning each block consists of an entryway, two separate rooms, one shower, and a toilet. Each room is furnished with essential furniture: a wardrobe, bookshelf, chairs, a desk, and, of course, a bed.

On the 6th floor of Block B in the Ventspils University of Applied Sciences dormitory, there is a café called “Panorāma,” which offers a stunning view of the sea. Next to the dormitory, there is a bicycle parking area as well as a spacious free car parking lot.
