

The museum inspires! The museum inspires! Morning routine of the small locomotive Mazbānītis

Foto autors Ventspils muzeja foto arhīvs

Join the Morning Routine of the Narrow-Gauge Train – buy a museum entrance ticket, watch and take part in the preparations of a locomotive that’s over 100 years old as it’s readied for the day’s work – oiled, filled with coal and water. With your ticket, you can also take the first ride of the day on the Ring Line.
