We continue the summer with concerts by the sea!

This Friday, August 1 at 8:00 PM, we invite you to kick off the Ventspils City Celebrations together with Aivars Konutis and his energeticOne Man Band performance.

Aivars Konutis is an experienced musician who creates the full sound of a band on his own by combining guitar, bass, rhythm accompaniment, and vocals. The concert will feature the world's most popular hits in various languages, as well as beloved Latvian songs.

The program is suitable for the whole family – from calm, romantic ballads to energetic melodies that will invite you to the dance floor.

The series “Ventspils Sunset Music Evenings 2025” is supported by the Ventspils Freeport Authority and the Ventspils City Municipality.
