On Saturday, August 16, at 8:00 PM, the young singer and songwriter MADA will fill the seaside atmosphere of the “VIETA, KUR būt” cafe with musical evenings.

Madara Gaile, or MADA, has been on stage since childhood, and her voice is able to both captivate and address listeners with genuine emotions. She gained wider recognition by playing the lead female role in the concert performance “Kaupēn, Mans Mīļais”, and later gave listeners her debut single “Saprats”.

“I write music to explore myself – to say the unspeakable,” says MADA about her work. Her songs are like an open dialogue with the listener – sometimes fragile and dreamy, other times strong and courageous, but always true and heartfelt.

The event takes place as part of the cycle “Ventspils Sunset Music Evenings 2025”, which is supported by the Ventspils Freeport Authority.
