

Exhibition hall “LaSe” has opened in Parventa

The exhibition hall “LaSe”, located in the Pārventa district, at Rindas Street 23, invites guests to discover a surprisingly diverse and multi-layered object – a shoe! The owners of the space, Larisa and Sergejs Georgioglo, offer a look into their personal collection, which has been built up over the years. It contains more than 3,000 unique shoes – from classic souvenir miniatures to chairs shaped like shoes. The collection reveals both the functional application and aesthetic diversity of shoe shapes, providing visitors with an unusual and inspiring experience.
