

Renārs Boļšēvics

Foto autors Renārs Boļšēvics

My name is Renārs Boļšēvics. I like creating images pleasing to the eye, sticking to classical subjects that do not lose their topicality with time. I like to experiment, if there is a mutual agreement for it.

I was born in the beautiful city of Ventspils and experienced many wonderful moments there. I like observing nature, and people who never stop surprising me, so if there is a possibility to take photos of such moments, I tend to use it.

In 2016, I had an opportunity to take photos of a motorcycle race, owing to the Motoclub “Rodeo”, where I started mastering basics of photography. I began developing my skills from that moment, because I believe that improvement must be constant, and I must move forward.

I take photos of:

- individual photo sessions, couples, families, cars, motorcycles.
