

Flower sculpture BOBSLEJISTI

Foto autors Ventspils Tūrisma informācijas centra foto arhīvs

An artificial elevation of relief for the placement of flower sculptures and flower beds. The composition of the flower sculpture contains a real bobsleigh, which is pushed at the start by four flower bobsleight riders.

The bobsleigh was presented to the city by Sandis Prūsis, who came from nearby. Around 400 flower plants were used.

The sculpture was made in 2004.
