Foto autors **Margarita Zvejniece**

I am Ventspils resident in the second generation and guiding tours is my hobby.  
During the day, I'm mostly busy with my main job, so I propose to take a leisurely stroll around the nocturnal city in the evening after sunset.  
I tailor the route, length and content of the walk individually.  
I prefer small groups. Tours can be organised on foot, by car or by bike.
