

Kurzeme Rehabilitation Centre

Foto autors Kurzemes Rehabilitācijas centra foto arhīvs

2022. In 2022, the Kurzeme Rehabilitation Centre was opened next to the Ventspils Northern Kurzeme Regional Hospital. It offers more than 100 medical rehabilitation services to the patients, including:

- water and physical procedures;
- therapeutic massage;
- salt room;
- heat therapy;
- therapeutic gymnastics pool with movable floor – one of its kind in Latvia; and
- large physiotherapy room with specialised rehabilitation equipment.

A referral by the family physician or medical specialist is required to receive the services in the Kurzeme Rehabilitation Centre. Prior registration is required.
