

## Užava river flows into the sea

Foto autors Ventspils Tūrisma informācijas centra foto arhivs

In Užava, at the mouth of the River Užava in the sea, there is a recreational place arranged by the Latvian State forests with tables and fire places.

. There areno charges for staying at the place of rest.

The estuary of the River Ujava is one of the rare places in Europe, where an unregulated river flows into the sea can be seen.
