

# Creative bread laboratory RAMALA

Foto autors Radošās maizes laboratorijas RAMALA foto arhivs

The creative bread laboratory “Ramala” is a place where everyone has an opportunity to experience a different bread-baking process. Value added is getting a deeper knowledge of yourself, meditation and well-spent time with your family, friends or colleagues. “Ramala” is special with a fact that it is a social company, which means that all earned profit will be dedicated to a social purpose – for rehabilitation of the persons suffering from abuse and people with special needs. We also organize entertaining classes for families, groups of friends or colleagues, as master classes to bake and prepare all kinds of delicacies together: pizzas, burgers, doughnuts, pop cakes, etc. It is also possible for everyone to visit “RAMALU” in the busy everyday life and eat a healthy snack and drink tea or coffee in a cozy atmosphere in the cafe, as well as take home a hearty sandwich and a delicious salad. Vegan and vegetarian dishes available.

Kopējais galdiņu un sēdvietu skaits:
