

Roman Catholic Church Ventspils Saint Cross

Foto autors Ventspils Tūrisma informācijas centra foto arhīvs

In 1898, dean Francis Lukšo built the current stone church at his own expense. Snow-white church built in 1898 is located on Juras street. The church is a masonry building, 30 meters long and 13 meters wide. Here you can see large sized oil painting included in the list of art monuments of national importance. By the church there is cemetery used till World War II.
