In the very heart of Ventspils – at the Ventspils Market – you’ll find the Ventspils winery WINDAU WINES, where wines, ciders, sparkling wines, and spirits are crafted on site. The beverages are made from berries, fruits, flowers, and even birch sap harvested in the Ventspils region. Meanwhile, the especially delicious honey-based wines and spirits come from the winemaker’s homeland, Lubāna, where the winemaker’s father and brother are engaged in beekeeping. One of the most well-known and beloved products is the Birch Sap Wine – a wine that has traveled to the farthest corners of the world, including Japan, Australia, New Zealand, the USA, France, Germany, Russia, and many others. The assortment of the winery is variable, we independently offer more than five different types of wine, and several types of liqueurs, brandy, brandy, calvados (apple brandy), gin and even whiskey. Our products can be tasted and purchased in our store at Tīrgus Street 8, Ventspils, as well as in various retail outlets. For leisurely visitors, we also offer a tasting of our products, the time of which would need to be agreed in advance. See you at the Ventspils wine and beer brewery! Winemaker Dainis Plūme
