APARTAMENTI

The old barn apartments – a place to be seen and felt. The apartments are spread over two floors. On the second floor there are two unconnected apartments. Each room has a bathroom, double bed, TV and free internet access. On the ground floor there is a spacious seating area where you can enjoy a leisurely chat, a warm cup of tea or a book from our small library. The beds are made of old ceiling beams, which came to us from the Consulate of the British Embassy in Latvia (master craftsman N.Liepnieks). The central heart of the old granary apartments – the door of the central building from the building at Miera street 23, Riga. This door was destined to be destroyed. Thanks to the care and attention of the masters of the construction company “Angāze”, they can now live their second life as part of the Old barn apartments near the Pasiekste windmill. This part of the apartments quietly and stubbornly keeps the story of history.
