

Joy and Creativity at the “Autumn Colours” Event in the Children’s Towns

Autumn colours always evoke creativity, so the event agency “Anniefiesta” invites families to join in the fun on 8 October at 11:00 in the Children’s Town and at 15:00 in the Children’s Park “Fantāzija” at the event “Autumn Colours”.

The active Sunday morning and afternoon promises fun for the whole family with a variety of activities to make the day special. The event will include workshops, games, relays, collage-making and the chance to dive into the swirl of leaves, making memories together.

The event is organised by Anniefiesta, an agency that has been organising various events and workshops in Ventspils for fourteen years, always surprising and delighting. The founder of the agency Anna Harkina and her team invite all families to join this autumn adventure.

The event is organised by the Ventspils Culture Centre with the support of the Ventspils State City Municipality.

Admission is free is charge.
