

CityBee Latvija

Foto autors City bee foto arhivs

SIA “CityBee Latvia” provides the widest coverage of car sharing services in Latvia, offering around 800 cars. We currently have more than 30 different car models in our fleet, including vans. The average age of the fleet is 1 year. This year, SIA “CityBee Latvia” has expanded car-sharing zones in several Latvian cities. Currently CityBee is available in 11 Latvian cities – Ventspils, Riga, Sigulda, Jurmala, Liepaja, Jelgava, Ogre, Salaspils, Carnikava, Adazi and Olaine. CityBee also offers the possibility to travel to other Baltic countries without prior arrangement.

To start using CityBee, all you need is a category B driving licence and a bank card.

Download the app to your device and enter all the necessary information, add your driving licence and bank card details.

Registration will only take 60 seconds!

Once you've confirmed your registration, you can view all available cars and CityBee zones in the app.

What is the price and how is it calculated?

It's simple, time used + kilometres driven, or you can choose from one of our fixed-price prepaid packages. Everything is included in the price – fuel, parking costs throughout the CityBee zone and insurance.
