

Pecolli soap bubble, laser and special effects show “Bubblelandia”

The idea, scenario, and direction were created by **Enriko Pecolli**.
The show's splendid costumes were dreamed up by **Elita Patmalniece**.
Choreography by **Dace Mihailova**.
Perhaps Pecolli was inspired to create such a show by his love for “Cirque du Soleil” performances, or perhaps by soap bubbles, which are Pecolli’s “lucky charm.” Perhaps because we can learn lightness, clarity, colorfulness, and joy from bubbles, all of which bubbles convey without words.
The dynamic, musical performance “Bubblelandia” has already toured 27 countries and received various awards. It has been seen by Italian audiences in the most magnificent theaters in Florence, Bologna, Turin, and other cities, as well as in 23 American states and 60 cities. “Bubblelandia” has received the prestigious “Merlin Award” in America as the best family show. The show has also caught the attention of French television, and in England, Pecolli won a major show competition with “Bubblelandia” for the rights to organize a tour. With it, the Opera House in Algeria was inaugurated, and audiences were delighted in Libya. You can follow the show’s journey here: <https://www.facebook.com/underwaterbubbleshow>.
The show is intended for audiences of all ages!
