Anniversary show “Song Duel – 20!” at the Theatre House “Jūras vārti” There will be songs, there will be dances, there will be fun, there will be laughter, there will be friends, and it will be great!
You are invited by Baiba Sipeniece, Uldis Marhilēvičs, and Normunds Jakušonoks!

The grand musical show “Dziesmu duelis” celebrates its 20th anniversary this year, and this milestone will be marked with a nationwide tour across Latvia, bringing together a large audience! The most melodic duel teams will feature Olga Rajecka and Elita Patmalniece on one side, while musician Atis Ieviņš and Ufo will represent the other. The show's core cast remains unchanged: television and radio host, as well as event emcee Baiba Sipeniece-Gavare, composer Uldis Marhilēvičs, musician Normunds Jakušonoks, and the accompanying band. This summer also marks a special occasion for Elita Patmalniece, as she celebrates her birthday, which will be festively acknowledged during the duel show! Baiba has special memories about the show's beginnings: “At the time when auditions were being held for the host of this show, I happened to be at the Film Studio where it was all taking place. Before me, model-type girls were trying out for the role, but I walked up to Viesturs Dūle and jokingly said to him: ‘Why are you torturing those girls? This is my show, I can already see it!’ I don’t usually do things like that because I believe a host should be chosen through a fair competition. I know I don’t have many talents, but I do have one – I remember the lyrics to songs, so I told Viesturs: ‘I fit here like no one else! Please, take me!’ And he replied: ‘Alright!’”

The show’s organizers promise a beautiful and vibrant concert show with added value, where good vibes and positive emotions are guaranteed! The long-standing connection with the audience was built over many years, as watching the show became a cherished tradition involving food, drinks, and group singing on Friday evenings. The Dziesmu duelis anniversary show will be a fantastic opportunity to connect with people who love music and songs, enjoy singing themselves, and are ready for a good time. And what could be better than throwing a celebration where everyone can sing, dance, support the participants, and leave the audience heading home happy and uplifted?
