Bears sleep during the winter, but Richie Roo is convinced that the most beautiful celebration of the year—Christmas—should not be missed. Little bear Ruby also deserves to experience this miracle. But what is Christmas? Why is it so special, and why must it not be overlooked? Richie Roo decides to find the answers, but his path is blocked by a sharp and grumpy hedgehog. Will the little ball of spikes ruin the long-awaited holiday? From decorating the Christmas tree and singing songs to making a new friend, Richie Roo, Ruby, and other forest creatures discover that Christmas truly is a time of love, forgiveness, giving, and incredible miracles. The concert performance will feature both brand-new and never-before-heard songs, as well as Richie Roo’s beloved classics.
